

SCHOOL NOTES.

By W. M. JOHNSON, Superintendent

The attendance this week is considerably better than last week. This is due to the fact that cotton is about all picked. There are several children out now who are not finding much cotton to pick, in fact not enough it seems to justify their absence from school. Some are in the habit of waiting till after Christmas to start to school again, even though the cotton crop is picked out beforehand. To do this is to lose the best part of the school term. Every day in school counts, whether before Christmas or after the holidays.

The boys lost the second football game to Kennett last Friday. The official score and complete details have not been handed in to the athletic editor, therefore we cannot give you the fine points of the game.

The High School girls and teachers served Welsh rarebit to the football team at the school building Friday night. This was to show Coach Brooks and his team that the girls and teachers of the high school appreciate their side of the work in putting on the school map, because they feel that everywhere Mr. Brooks and the boys go, they win everything but the score—everyone compliments their fair play in games.

Portageville High School girls played our girls here Wednesday after school. The game was a very interesting one, but the weather being a little cool neither team could do its best. The score was 10 to 4 in favor of Hayti. The lateness of the hour called for a short game, hence the small score. The visiting team was a very courteous aggregation of players and reflected credit on those who have had charge of their training.

Wednesday before Thanksgiving will be Patrons' Day. At that time we hope to see every patron in the district at school. Last year we had over seventy-five present; this year we should make it a hundred. Each room will have an appropriate program. Refreshments will be served to all patrons.

The sad news for relatives came to this city Wednesday afternoon of the death of one of the twins of Mr. and Mrs. Reed Woodside, at Haiman, and also that the other infant was very ill.

For Sale.

Full butcher outfit, good trade. I want to sell on account of health. For full information see or write Barrie Stockmann, Hayti, Mo.

An Interesting Letter.

Below we reproduce a letter received by the Herald this week, and we feel that it will be of much interest to many old acquaintances of the writer:

Fredonia, Kas., Nov. 12, 1916.
Editor of Hayti Herald:

The Herald reached me this morning, a pleasant visitor; many thanks to my old friend, Dr. F. A. Mayes.

I have many old friends in Southeast Missouri, where I lived for many years, and I am rejoiced to learn of their prosperity, as I see from the Herald.

I congratulate the people of your Senatorial district on the election of the Hon. Von Mayes, who I know will be an honor to his district. I see a bright future spreading out before him. He is worthy and well qualified, and when Joe Russell gets tired Von will take his place. "So mote it be."

The Democratic party of our State has much to be proud of. The money bags that were strewn with lavish hands among the people were not able to overcome the votes of our mothers. It has been a custom from time immemorial, whereof the memory of man runneth not to the contrary, to "reward true merit wherever found." Our women saw true merit in Woodrow Wilson and as a reward threw the State of Kansas into the Democratic ranks. Wilson county, normally Republican by a large majority, went Democratic by four hundred majority. We are proud of our women; give the ballot to them and they will hold the old Ship of State free from the rocks and shoals.

THOMAS H. MAULDIN.

The National Cash Meat Market owing to its large and growing patronage has been compelled to make some additional changes. They have just installed a large and beautiful Refrigerator Display Counter for the handling of their meats, etc. The proprietor, John Fields, has proven that he is capable of attending to the meat wants of the people of Hayti and is giving them the best of service, and with Joe McFall, the smiling and courteous meat cutter, who is an expert in his line, he says his patrons may yet look for many new conveniences and advantages.

Wilce Curtner, constable of Braggadocio township, and one of the leading spirits of that little city, was looking after business in Hayti Wednesday, and called around for a short chat with the Herald.

CONGRESSMAN JOE J. RUSSELL RE-ELECTED.

Congressman Joe J. Russell was again elected with a goodly majority Tuesday, November 7, at the hands of the Democratic voters, and those who appreciate a man who serves his constituents and district to the fullest possible extent.

Light Company Sold.

The light plants of Caruthersville, Hayti, Kennett, and Blytheville, Piggott and Rector, Ark., owned by the National Utilities Company of Boston, Mass., have been sold to John H. Watkins of Wall St., New York City.

Walter Emery of New York City was in this city Tuesday afternoon looking over the purchase from a local standpoint, being sent out to make recommendations as to extensions and improvements of the service.

He is admirably impressed with the prospects of the company in Southeast Missouri, and considers great possibilities for our people, if they will only awaken to it. When asked what he thought of our city he remarked that being located as it is he could see nothing that would keep it from being a little city at some future date, and that Hayti was a good town in which to invest.

When asked as to when the line between this city and Caruthersville would be completed and ready for service he said they had hoped to have same ready before now, but that they had been delayed on receiving the necessary material. He informed us they had the material ordered for some time, and that the factories would not agree to deliver at any certain time, and they were being worked to capacity. But he did say that if nothing extraordinary happened the line would probably be in service by the first of the year.

Quite a little interest was taken in this city Tuesday when the report was on the streets that a message had just passed over the wire that there had been a mistake of about 7,000 in the count of the vote in California. Many Democrats were seen to have a down-cast look, but soon righted themselves. Later reports proved the rumor false. Let nothing like this cause you any serious thinking, as California is at last getting out of her swaddling clothes.

Old Ladies Meet.

Monday afternoon at about 2:30 o'clock several of this city's ladies met at the residence of Mrs. Lou Morris and much enjoyment was made. Those present had been former school mates and close acquaintances some thirty-five or forty years ago, and to see the good ladies together again was a scene that would make one's heart wish it were young. The good ladies spent several hours in the enjoyment, recalling past experiences and fortunes, and each felt that they were repaid for the few hours thus spent. The ladies who met at the residence of Mrs. Morris in honor of entertaining Mrs. H. P. Coleman were: Mrs. Mary Stubbs, Mrs. Mollie Dorris, Mrs. Eliza Popham, Mrs. Mollie Lefler, Mrs. Joe Nunn and Mrs. C. J. Morgan.
